THREE PACKAGE OPTIONS

It’s not just a pizza party, it’s a Detroit-style pizza party.

Detroit-style is rectangular, sauce-on-top pizza with a light, focaccia-like dough that develops a golden crunch on the bottom, and the sauce is ladled on just before serving, ensuring the cheese and dough provide crispy perfection. And at Via, it is always built right to the last bite.

In addition to our build-your-own package options, we also offer curated packages to make planning easier and get you the best variety and combinations of our many awesome pizzas!

We offer a variety of options that allow for dietary needs including Vegan, Vegetarian, Dairy-Free, and Gluten-Free!
